SUPPLEMENTARY INFORMATION:**Background**

On February 16, 2006, in anticipation of possible removal (delisting) of the bald eagle in the 48 contiguous States from the List of Endangered and Threatened Wildlife under the Endangered Species Act (ESA) (16 U.S.C. 1531 *et seq.*), the U.S. Fish and Wildlife Service (the Service) proposed a regulatory definition of “disturb” under the Bald and Golden Eagle Protection Act (BGEPA) to guide post-delisting bald eagle management (71 FR 8265). The Service concurrently proposed two other related actions: (1) a notice of availability of draft National Bald Eagle Management Guidelines (71 FR 8309, February 16, 2006); and (2) a re-opening of the comment period on our proposal to remove the bald eagle from the list of threatened and endangered species under the ESA (71 FR 8238, February 16, 2006). Due to the complexity of these related actions, we are extending the comment period for each action for an additional 30 days.

Authority

The authority for this action is the Bald and Golden Eagle Protection Act (16 U.S.C. 668-668d).

Dated: May 10, 2006.

Matt Hogan,

Acting Assistant Secretary for Fish and Wildlife and Parks.
